Abstract—This document describes the most common article elements and how to use the IEEEtran class with L^AT_EX to produce files that are suitable for submission to the Institute of Electrical and Electronics Engineers (IEEE). IEEEtran can produce conference, journal and technical note (correspondence) papers with a suitable choice of class options.

Index Terms—Class, IEEEtran, L^AT_EX, paper, style, template, typesetting.

I. Introduction

[?] citation example.

II. Related Wrok

III. Problem Formulation

IV. Methodology

V. Experiment

VI. Discussion

VII. Conclusion
